The WV Regional Jail and Correctional Facility Authority was created by the West Virginia Legislature in 1985. The purpose of the Authority is to provide safe, secure and humane care for persons ordered to be incarcerated by the courts. Generally, regional jails serve both pre-trial defendants and persons sentenced to terms of one year or less. However, offenders sentenced to serve terms of confinement in the custody of the Division of Corrections may also be held in regional jails while awaiting transfer to the state correctional system. The inmate population consists of county, state, and federal inmates, both male and female.

Vision Statement

The vision of the West Virginia Regional Jail Authority is to be recognized as the leader in professional jail administration and to maintain that leadership by being able to move to the forefront while adapting to change.

Mission Statement

The Mission of the West Virginia Regional Jail and Correctional Facility Authority is to ensure the safety of the public, staff and inmates by maintaining a safe, secure and humane system of regional jails, and to provide incarcerated persons with the opportunities for self-improvement and rehabilitation by participating in educational programs.
