Dear Sir...

My name is Alicia, House of Lutz-Rolow .

I am a former American Airlines Flight Attendant Crew Member with 35 plus years of seniority, who, on November of 2006, "voluntarily" walked off of what would be my last work flight.

At that time, I was unfortunately forced to become a Whistleblower against my own company, due to, but not limited to, the company's corporate upper and lower management's decisions, to conduct daily business with immense "**efficiency cost's corruption**" and "**industrial organization of corruption**", bottom line speaking; the company's complete disregard for flight safety, and the ongoing "**corporate monetary incentive**"; otherwise known as "**human bean counting**"

I have since joined the ranks of, and have proudly become one of, the hundreds / thousands of most honorable American Patriots in our Nation, who are today fighting fiercely for our Republic's Sovereignty, the return of our Nation's Rule of Law, and our God given inherent rights and freedoms He bestowed upon us at birth.

My fight is against the foreign owned, operated and controlled **UNITED STATES CORPORATION**, which I am quite sure you know is a Private Company, fraudulently and unlawfully purporting to be the lawful government of, by, and for the People inhabiting *The United States of America*.

Sir, from all that I have read about you and have heard you personally address in your own words, regarding our Nation's current state of extreme distress and desperate dire straits; I am trustful enough of you to believe that you are indeed one of us, *We the Peoples*, and therefore, I now come to you for some much needed advice and possible help in an urgent matter.

My Dear Friend, Thomas David, House of Deegan, an American Patriot, extremely knowledgeable and versed in natural law, has been unlawfully incarcerated in a military venue and is not being afforded true "**assistance of counsel**." He is being persecuted by a military tribunal system.

All attempts for remedy have been performed at the county, state, federal, provost marshal, coast guard commandant, and finally the metropolite venues, and as of late, no remedy has been obtained.

The entire STATE OF THE WEST VIRGINIA CORPORATION has been fraudulently purporting to be the lawful government of *We the People of West Virginia*. This corruption has been brought to the forefront, via an **unanswered complaint**, filed in the West Virginia Supreme Court of Appeals by Thomas David, House of Deegan, Phil Hudok and Gene Stalnaker. That very action the above named men have taken has now placed that entire STATE, in total default and dishonor. Hudok.info

I would really appreciate it if I could present a couple of questions to you Sir, seeking your valuable advice hence, my first question:

- (1) Do you happen to know of someone who is knowledgeable and versed in Natural Law who would be able to provide **assistance of counsel** for my friend Thomas?
- (2) Do you happen to know of any possible way to obtain remedy in the matter of West Virginia being in total default and dishonor?

Unfortunately, the STATE OF WEST VIRGINIA aka State of West Virginia et al, continues to operate under a for "**profit corporation**" status purporting to be lawful government under military enforcement rule. Please Sir, I would be most grateful to you if you would please accept my mailing to you of pertinent documents, regarding Thomas David, House of Deegan and the West Virginia case for your review, and point me in the direction of an assistance of counsel you yourself would be ready to use for your own personal defense. I will wait to hear from you and may God Bless your efforts in the fight for freedom and the Republic that I love so very much.
