

Thomas is scheduled for a parole hearing on April 10th.

If you are moved to do something to help him, there is something you can do.

Letters to the Parole Board which indicate the following can help secure his parole:

Thomas has never caused injury to anyone's person or property. Thomas has always been a good family man and has community and family support. His family will greatly profit on his return.

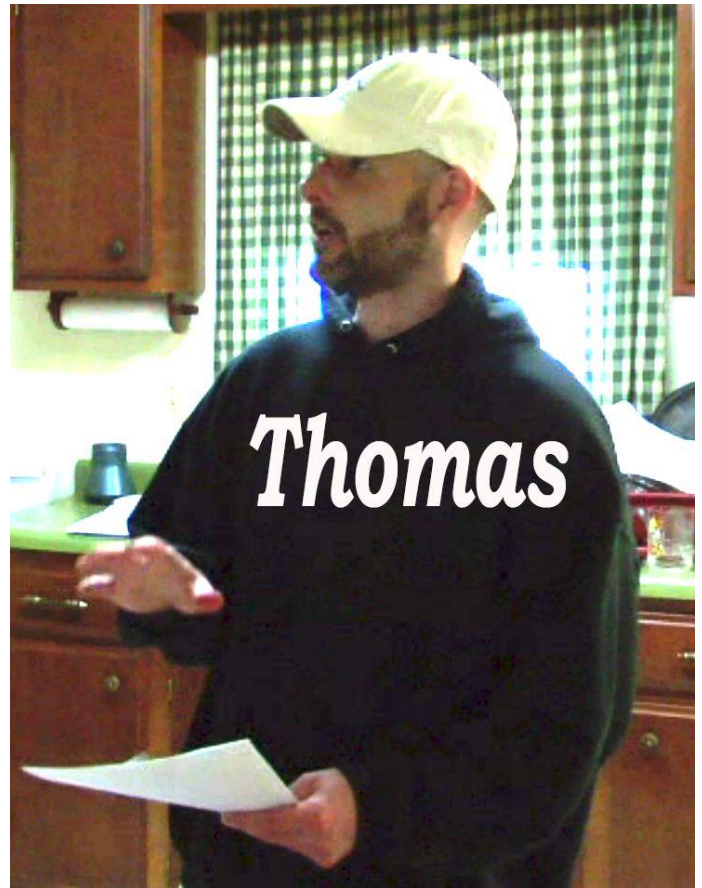

It is not needed and not helpful to castigate the political or correctional institutions. It is what it is. Ephesians 6:12 sums it all up.

To be scheduled soon is a home visit to Thomas's house to certify its suitability. Darlene Deegan, Thomas's mother had been told that she must have an operational car for Thomas to be released. That presents a problem as the finances have not been there to repair a car that was rejected in last summer's inspection and now has no working battery.

Please send what you can to Darlene. Her address is located on the homepage of the hudok.info "rule of law" website. Pastor Butch, I, and our small Bible Study Group, will see that whatever is needed to make Thomas's parole possible happens. That is our reasonable and loving duty.

I personally plan to mail and fax to the parole board and LORD Willing, I will be in Welch, West Virginia to bring Thomas home.

Phil Hudok
