

★ ASK A VET ➡ SHOW A VET

★ Has the US Govt. ever declared Americans the enemy?

➡ The 1933 Emergency Banking Act used part of the 1917 War Powers Act to declare Americans enemies of their own government for hoarding gold which had to be turned in or face up to 10 years in prison. (State of emergency still in effect!)

★ Have wars been always waged to protect our freedom?

➡ Marine Corp Major General and American hero, Smedley Butler, exposed a coup in Congress and is the most ever decorated marine learned otherwise. His book “War is a Racket” is must reading.

★ Can a veteran expect truth from the establishment?

➡ Sure, if you discount being lied to about WMD's, numerous other false flags, the safety of using depleted uranium and Agent Orange. Just to name a few.

★ Can veterans expect promises to be honored?

➡ Sure, if you overlook numerous VA Hospital horror stories, and if you ignore lack of suicide prevention and rampant over medicating. Veterans must also discount historical facts such as the burning out and murdering of veterans of the “bonus army” by the government in 1932. They simply were camped across the Potomac River from the Capitol, demanding the promised 1917 enlistment bonus still unpaid some 15 years later.

So veterans, read on, contemplate, and learn of “Treaty of Peace 2020”

The private citizen must trust in his government. He has not the knowledge to decide the propositions presented by the international questions. These must be decided by the President and the representatives in Congress. The citizen's duty is to be ready to accept the decisions, for above all things the country must be united. He is

ready to do his part for his country without murmur and without complaint, counting it a privilege to support his country in the hour of trial. that he may pay back in a small part, the inestimable blessing of liberty, and to preserve untarnished the honor of his country for the unnumbered generations that are to come after him. In this he must fail not. To this he pledges his life, his fortune, and his sacred honor.

Sit down and shut up?

Did the men who pledged their lives, fortunes, and sacred honor trust their government and expect their posterity to do the same?

Silence Is Consent!

But wait! One week later, there is more, much more!

Congress has declared war against Germany. This country is now engaged in the greatest war of all times. Every intelligent man takes a comprehensive view of the world-wide war, but his duty lies in his immediate neighborhood. It is to discuss the duty of the citizen that we attempt to advance a few thoughts on the subject.

At this time the most that we can do for our country is to see that the neighborhood in which we live is loyal to the nation, in thought, word and deed, and if we find any sore places to do what we can to get the community in healthy condition. We are proud of the fact that in the territory embraced in our horizon that there is not the least sign of disloyalty to the United States, and that every man is ready to do his duty...

Be ready:

- ♦To go anywhere that you have orders to go.
- ♦To do anything that the powers that be require of you.
- ♦To give up any part of your means that is considered necessary by the powers that be to bear the expenses of the campaign. Sometimes to gain all, we must risk all.

Be diligent:

- ♦To produce wealth to support the nation throughout the war. Plant more. Work more...

- ♦To bridle the tongue if inclined to criticise that which you do not fully understand and thus embarrass the government.

- ♦To keep down and discourage seditious utterances in others.

- ♦To inculcate in the hearts of the young the blessings of a free country. Freedom is now menaced as never before.

- ♦To let every man who is called to the front, know before he leaves that his family and affairs will receive the most careful and considerate attention while he is away on the nation's business.

Our motto:

"Let our object be, our country; our whole country, and nothing but our country."

As for Germany, the time is coming when they will be ready to cry out for the mountains to fall upon them, and they already hear what they call Das Hohngelächter der Holle ~ the mocking laughter of Hell.

Isn't there is something wrong with this picture??? It's 1932 and these men, the *Bonus Army*, are still waiting for their bonus!

And did they *“receive the most careful and considerate attention”* after waiting 15 years for their promised 1917 enlistment bonus?

Here was Washington's considerate attention!

Some were killed!

Smedley Butler

United States Marine Corps General, 2 time Medal of Honor recipient and activist

Smedley Darlington Butler (July 30, 1881 - June 21, 1940) was the United States Marine Corps major general, the highest rank authorized at that time, and at the time of his death the most decorated Marine in U.S. history.

Butler exposed the *Business Plot*, an alleged plan to overthrow the U.S. Government. A final report confirmed some of Butler's testimony.

Major General Smedley Butler, "In the World War I a mere handful garnered the profits of the conflict, at least 21,000 new millionaires and billionaires were made in the United States during the world war. That many admitted their huge blood gains in their income taxes. How many other millionaires falsified their tax returns no one knows"

"Our boys were sent off to die with beautiful ideals painted in front of them. No one told them that dollars and cents were the real reason they were marching off to kill and die."

Hermann Goering

German politician, military leader, and leading member of the Nazi Party.

Hermann Wilhelm Goering (January 12, 1893 - October 15, 1946.

After helping Adolph Hitler take power in 1933, he became the second-most powerful man in Germany. He founded the Gestapo in 1933, and later gave command of it to Henrich Himmler. Goering was appointed commander-in-chief of the Luftwaffe in 1935.

Hermann Goering at the Nuremburg Trials, "Naturally, the common people don't want war. Neither in Russia nor in England nor in America, nor for that matter in Germany. That is understood. The people can always be brought to the bidding of the leaders. That is easy. All you have to do is tell them they are being attacked and denounce the pacifists for lack of patriotism and exposing the country to danger. It works the same way in any country."

Are we supposed to sit down and shut up?

1863 West Virginia Constitution

2-6. Freedom of speech (Is it really?)

“No law abridging freedom of speech or of the press shall be passed; but the Legislature may provide for the restraint and punishment of the publishing and vending of obscene books, papers and pictures, and of libel and defamation of character, and for the recovery, in civil actions, by the aggrieved party, of suitable damages for such libel or defamation. Attempts to justify and uphold an armed invasion of the State, or an organized insurrection therein, during the continuance of such invasion or insurrection, by publicly speaking, writing or printing, or by publishing or circulating such writing or printing, may be, by law, declared a misdemeanor, and punished accordingly.”

1872 West Virginia Constitution

3-7. Freedom of speech and press guaranteed.

“No law abridging the freedom of speech, or of the press, shall be passed; but the Legislature may, by suitable penalties, restrain the publication or sale of obscene books, papers, or pictures, and provide for the punishment of libel, and defamation of character, and for the recovery, in civil actions, by the aggrieved party, of suitable damages for such libel, or defamation.”

[illegible]

Look at what was rightly REMOVED from the 1863 Constitution! Nine years later, the people of West Virginia realized that the ESTABLISHMENT had snookered the states. The people demanded a new constitution. The 1872 Constitution attempted to provide individual and state protections. Political control had flipped from Lincoln's, "Republican Party", to the opposition's "Democrat Party." Strange juxtaposition? No! Realize Thomas Jefferson's, "tree of liberty" was a liberal view (not socialized slavery).

The Declaration of Independence and Thomas Jefferson notwithstanding, stated that it is our duty to throw off tyranny! "And what country can preserve its liberties, if its rulers are not warned from time to time, that this people preserve the spirit of resistance? Let them take arms." - Thomas Jefferson, letter to James Madison, December 20, 1787

President Reagan's words ring true! "The nine most terrifying words in the English language are: I'm from the government and I'm here to help." – President Reagan, August 12, 1986

Has the government gone so far as to declare the people of the land to be the enemies of their own government? Yes! In 1933, the ESTABLISHMENT tyrannically declared We, the People, to be the enemies of the government! This violated both state and national constitutions!

Gold was forcibly confiscated. How? Via the 1933 Emergency Banking Act, a modified "1917 War Powers" or trading with the enemy act and accompanying Executive Order 6102.

**But who cares about the constitution and the rule of law?
Certainly not the ruling ESTABLISHMENT! What we now
have is US Inc. and 50 subservient State Sub Corporations.**

**The three branches of West Virginia government
acknowledged this FACT in a unique case in West Virginia
Supreme Court, Case 15-0491! (Information on hudok.info)
A globalist serving, usurping, corporate cabal is draining the
last bit of life's blood from the Republic. To paint the
picture in any other way is a lie. Truth frees. Lies enslave!**

**Could the Federal and State Governments be
constitutionally suspend? Take a look at Article 1, Section 3
of West Virginia's 1872 Constitution...**

***"The provisions of the Constitution of the United States, and
of this state, are operative alike in a period of war as in time of
peace, and any departure therefrom, or violation thereof,
under the plea of necessity, or any other plea, is subversive of
good government, and tends to anarchy and despotism"***

Has it gotten worse? Since 1950, the year of my birth and the beginning of the Korean “War” (so-called), we have had 17 “unconstitutional wars”, or 80% of my life. [Only Congress Can Declare War]

What do we do with the Declaration of Independence?

“But when a long train of abuses and usurpations, pursuing invariably the same object evinces a design to reduce them under absolute despotism, **it is their right, it is their duty, to throw off such government,** and to provide new guards for their future security.”

"If ye love wealth better than liberty, the tranquility of servitude better than the animating contest of freedom, go home from us in peace. We ask not your counsels or arms. Crouch down and lick the hands which feed you. May your chains set lightly upon you, and may posterity forget that ye were our countrymen." ~ Samuel Adams

Treaty of Peace 2020 - Press Release

In 2018, on December 7, (a day said to “Live in Infamy”) five patriots, Phil Hudok, Gene Stalnaker, Alicia Lutz-Rolow, Leonard Frank house of Harview and Keith Lawrence Moore, began on behalf of all Americans, especially the children, a counter-offer to the flagrant and willful un/non Constitutional actions and inactions of those proclaiming Lawful and Legitimate Authority by, under, through and pursuant to the Constitution for the United States of America c1819.

Utilizing the most ancient and time-tested customs of man, these four men and one woman demanded a showing of proof of legitimacy for the current actions, inactions, processes, constructs and procedures of the alleged “Lawful and Legitimate Authority.”

Sadly, but not surprisingly, there was no response by the agents! Could it be that while required to, they didn’t answer because they had no answer?

A good-faith and clean-hands opportunity was graciously afforded to respond and/or offer proof of their various claims strictly according to the terms in a counter-offer. Sadly, but not surprisingly, there was again complete silence.

A third and final offer for a full settlement to afford the Americans complete and absolute remedy was presented in good-faith with clean-hands. This was fully compliant within the framework of the counter-offer, and also compliant with the ancient customs of man.

The breaches were then filed in demand and complaint format to an independent third party in compliance with the counter-offer. They were afforded full opportunity to reply and appear yet failed to do either.

On August 19, 2019 an award was issued and affirmed that the contract was valid, enforceable and was procured absent fraud. Further, it affirmed that they failed to contest or respond at any time during the dispute. The award named 3 remedies specifically.

It is important to note that the Arbitrator’s Decision and Award is final. No action is permitted in perpetuity to contest the Arbitration Award in any manner or form.
