Who would say that we have proper redress of grievances and the country is not in free-fall?

That considered, ponder this… (A Workable Plan For Redress Of Grievances – Restore the Republic 2026)

When someone approaches you with **promises** of this or that, they are salesmen marketing themselves.

When someone is your servant, you are the boss and pay them to do exactly what you want done. Promises mean nothing. If they refuse to do exactly what you want done, you replace them. That is how boss/servant arrangements operate.

In true government of, by, and for **The People**, **The People** is boss and government is servant.

"Government balance of power" does not mean equally powerful branches of government. The legislative branch is clearly the most powerful. If need be, it can take on judicial and executive powers.

The legislature has two basic modes of operation:

1. **LEGISLATING LAWS –** This is done 2 ways, through Civil Laws & Private Laws. Civil Laws apply to everyone excluding those granted immunity. Largely unknown are Private Laws crafted for individuals or groups who petition for redress of grievances. Private Law can exceed or even negate Civil Law and has been practiced since the founding of the country.
2. **ACTING AS THE HIGHEST COURT –** The legislature can try crimes and impeach and remove any government official including the President and Justices of the Supreme Court.

While "Redress of Grievances" can be had executively via orders and judicially via injunctions, legislation via Public law and if need be, Private Law, utilizes representative government through the branch that is superior. Example: Impeach those legislating from the bench!

As a function of government, Private Law exists in America, Canada, UK, Australia, and New Zealand.

The People is plural. Shouldn't the government be accountable via **PEOPLE LOBBYING** and not **MONEY LOBBYING?**

We, **THE PEOPLE**, have been acting as jilted consumers and not dutiful masters. This is ass backwards! A critical mass of **THE PEOPLE** must be educated and act in unison as **MASTERS** to provide redress.

However, we are fundamentally in a spiritual battle. The Creator's prescription for healing the land is 2nd Chronicles 7:14 "If my people, which are called by my name, shall humble themselves, and pray, and seek my face, and turn from their wicked ways; then will I hear from heaven, and will forgive their sin, and will heal their land."

Please help achieve critical mass and establish the freedoms as existed in 1776. Go to www.hudok.com or www.hudok.info for links to the purpose, "Why Restore the Republic?", the means, "Authorities", and the proposed law document, "For God and the Children". Just voting is not demanding.

The above website chronicles the battle from West Virginia to U.S. government, a decade long battle for freedom and righteousness. You'll see there that COVID squelched the movement when it reached D.C. in Feb. 2020.
