Subject: I cannot tell a lie, it was I . . .

To: thomas deegan <wvfreestategov@gmail.com>

(The Jean Haines email to Thomas concerning the BAR member Brett Redmayne-Titley's tirade in the three concluding emails below)

Tom, it was I who brought the 'lawyer' on the call, and I am sorry I did so; it was an honest mistake. As you will see below, he writes for some good people, and is a darned good writer. In the past I have published some of his things exclusively when, for instance, Press TV would not publish them - too controversial, etc.

After not having heard from him for a while, he got in touch with me today, and I could see that maybe he might be helpful as a writer in spreading your story. When it came out that he was a lawyer, which I did know before the call, I just did not have the knowledge to know that he didn't belong there, but as soon as you spoke up, I realized it. I think his ego took a big hit - I suspect he's used to doing the 'telling', etc. etc. and you weren't the least little bit interested in him. . . thank God!

PS. As I'm finishing this, a third email has come in . . . so very childish - and really quite sick. ! I will share it below as well. When I read this, I have to share how truly sorry I am and that I hope I haven't made trouble for you. If there is anything at all I can do to put a stop to this fellow, please let me know. I think a lot of what he says is actual B.S., but he has a really nasty streak that I don't like . . . this third email seems like a temper tantrum lol

Here is how I responded to his two emotional, ego-filled emails to me (see them below my response):

Brett, **(The Jean Haines email to Brett Redmayne-Titley)**

Here is what I think happened, and you can take it or leave it. I don't intend to discuss it with you — because your attitude at this point in time makes it impossible. Between the two of us, you see yourself as the only one who knows anything, and I don't agree, but I do not see that you have any respect for anyone's knowledge but your own.

You have stood on your authority as a lawyer - and a damned good one for years, but Tom didn't buy into that fact. I think you were really shocked: You thought to be of help, and Tom in integrity wouldn't/couldn't talk to you as an Agent of the Crown, something you evidently don't understand. In fact, if you hadn't gotten off the call so quickly — and you can listen to the call when it goes up tomorrow — you will find that I think he gave the statute, if that is the correct term, that clearly shows you are an Agent of the Crown, whether you know it or not, as were many of the signers of the Declaration..

Everything Tom is doing is public, and I would suggest you be very careful as you attempt to expose these men, because I think you will find you cannot do it, and that you expose yourself as having walked into something about which you clearly have very little knowledge. Research your efforts very, very carefully!

You're very emotional response to me was very telling. In your present state of mind, you may regard my words here as a warning, but they are not — not at all. I think it is merely a statement of fact. Facts should have no emotional basis, and that is the place from which I speak to you.

Email ONE: **(WORLD CITIZEN Brett's first email appropriately named email one)**

Thanks for letting me know about the [W.VA](#) case, but these people are beyond ignorant, they are willfully stupid. The only thing these guys have to offer anyone is a chance to take their weapons and "declaration of Independence" to the hills of their favorite desolate state and start ANOTHER militia. If that's the best this guy can come up with after 5 months in solitary, then he should stop wasting good people's time and learn to read. As I suspected, complete amateurs who offer nothing more than insurrection as the change they demand. I imagine this guy wants to be the leader, too. This maybe the worst example of activism I have had to bare and that's really saying something. Jean, the work you do with your blog is far better at changing the world than anything these delusional gun nuts will ever do. They live in a fanstasy world. No wonder Oath Keeper's won't return their call. Cheers!! B.R-T.

Email TWO: **(WORLD CITIZEN Brett's second email – more of the same)**

These guys are no better than main stream media, in that they are lying to get supporters for their cause. They act as if they did not know that Government entities are incorporated. And they draw a criminal connection, that they fail to offer proof of? I'm sure, at this point, if I were to put on my journalist hat and focus on these three, I would discover that these are similar liars and manipulators as the politicians they refuse to honor. I believe that is still called hypocrisy. Anyway, thanks for bringing these to my attention as I have been working on a piece, "How Activism is Ruining the World." This would be a case in point, and I intend to bring these nuckleheads to the attention of GOOD people. These three are ruining the chances for positive change by allowing government and media to use their militancy to negate true, unselfish activism. They are shameful humans. Worse they are selfish. Far worse they are fools!! B.R-T.

(This is Brett's third and concluding email. The three emails speak volumes. Notice that Brett's emails conclude with the corporate "BRETT REDMAYNE-TITLEY")
Hey Jack, he's a WORLD CITIZEN and not welcome in this neck of the woods!

However, ignorance can be cured. If Brett does some digging, as a good journalist should, he will find out that we are not the backwoods hicks that he assumes. The three of us are qualified and have each paid a price for finding truth and to the best of our abilities, living our convictions. Brett may even want to leave the BAR, communicate with us, and help in a worthy cause.
With no apologies, Phil Hudok

Yes, some facts would be nice, but that's not what one gets from amateurs and fools. These guys are not even good liars. I'm surprised you were taken in by their nonsense. I'm sure the Gov't has much better things to do than pursue folks who are of so little threat. This guy did not even have a fundamental knowledge of the Federalist papers, much less who authored the D.I. You must have noticed that their CLAIM to winning "something" in court was a bold faced lie, since they have no documents to prove it, and hate courts and lawyers, so they must have won their case at their kitchen table while polishing their guns.

Yes, I do think I know a hell of a lot and have a huge resume of published articles to prove it. In writing them I used something very rare these days, facts... not deliberate distortions. Only the worst journalist would give any credence at all to such blatant B.S. "Agent of the Crown?" Ridiculous, self-serving excuse for having no factual grasp. As far as trying to scare me into submission about these three's influence, I could not be less scared. BTW: If not for your assurances of their validity I would not have joined their phone call, so please be more careful about vouching for miscreants and want-to-be leaders in the future. I have made a career out of feasting on Idiots like these three and exposing them for what they really are. They don't have the balls to be out in public, because then they have to answer intelligent questions that they have no understanding of at all. As long as they stay away from the light of truth they can live in the delusion that they are powerful. In reality they are just puny little men with no hope. I say to them, "Bring it on!!" I look forward to proving to you and to them how fraudulent are their documents and therefore their morals. These guys are a joke and

America deserves a good laugh at their expense. Have they asked you for money yet?

Despite today's waste of effort it was, however, very nice to speak with you. You do good work using facts and your blog is a useful tool for change. Too bad, others have so little grasp about what change is actually all about. I look forward to serving notice of this in my next article. I'll send one to you and a copy to the three wise men in the hills of W. VA. Then we can find out if they can put their mouths where their minds are. Disgusting!!!B.R-T.
